

Ladies League Clinics

Here is an outline of clinics that I plan to offer this spring and if there is enough interest will continue throughout the golf season. If you haven't looked on our website and seen the link to my website then go to lunagolf.ca where you can learn more about my teaching background and philosophy.

I plan to offer a variety of different clinics from putting, chipping, pitching, bunker play and the mental aspect of the game including course management, choosing the proper club and playing to your strengths. I am offering various days and times for the clinics so choose what time works best for you and if I have high numbers at certain times I will bring in another CPGA Professional to help. Sign up in the proshop 988-9313 or by email proshop@golfassiniboine.com. I'm looking forward to improving everyone's game!
