## **Barry Gibson**

### **PGA of Canada Golf Professional**

PGA Class A Professional with over 30 years' experience teaching and coaching golfers of all skill levels. From brand new golfers, intermediate players to provincial champions.

### **My Coaching & Teaching "Way"**

There is no one "way" or best method to swing a golf club and play. We are all different, different body shapes and types, personalities and skill levels. Everyone is unique with different golf goals "wants" and aspirations. The art of golf instruction is getting the "way" to fit you, not you to fit the way! **Your swing, your game your way!**

**Contact Barry for a free consultation and let's get you on "Your way"**
